LAND ECONOMICS

a quarterly Journal of

PLANNING, HOUSING & PUBLIC UTILITIES

VOLUME XXXV

February 1959-November 1959

LEADING ARTICLES

ABRAMS, CHARLES. Regional Planning Legislation in Underdeveloped Areas..... 85–103

BERRY, BRIAN J. L. A Critique of Contemporary Planning for Business Centers.....306–312

CIRIACY-WANTRUP, S. V. Philosophy and Objectives of Watershed Development.....211–221

COE, PAUL F. The Nonwhite Population Surge to Our Cities.....195–210

DAVIS, JIM E. New Hope for Italy: Land of the Noonday Sun..... 56–65

FLORES, EDMUNDO. The Significance of Land-Use Changes in the Economic Development of Mexico.....115–124

GALLAWAY, LOWELL. Some Aspects of the Economic Structures of Depressed Industrial Areas.....337–346

GREY, ARTHUR L., JR. Los Angeles: Urban Prototype.....232–242

HARBESON, ROBERT W. The Transportation Act of 1958.....156–171

HURLEY, NEIL P. The Automotive Industry: A Study in Industrial Location..... 1–14

LANSING, JOHN B. An Analysis of Non-Business Rail Travel (Herbert E. Neil, Jr., co-author).....139–148

LEWIS, BEN W. The Duty of a Public Utility to Reduce Its Income Tax Liability by Using Accelerated Depreciation.....104–114

LUSTIG, MORTON. Early Reservation of Open Land.....313–318

MALLAKH, RAGAEI EL. Some Economic Aspects of the Aswan High Dam Project in Egypt..... 15–23

MARTS, M. E. The Application of Benefit-Cost Analysis to Fish Preservation Expenditures: A Neglected Aspect of River Basin Investment Decisions (W. R. D. Sewell, co-author)..... 48–55

NEIL, HERBERT E., JR. An Analysis of Non-Business Rail Travel (John B. Lansing, co-author).....139–148

PARSONS, KENNETH H. Land Reform in the United Arab Republic.....319–326

RENSHAW, EDWARD F. Atomic Power: Research Costs and Social Returns.....222–231

ROBERTS, MERRILL J. Maximum Freight Rate Regulation and Railroad Earnings Control.....125–138

SAYIGH, YUSIF A. The Place of Agriculture in Economic Development.....297–305

SCHENKER, ERIC. Southern State Port Authorities and Florida..... 35–47

SEWELL, W. R. D. The Application of Benefit-Cost Analysis to Fish Preservation Expenditures: A Neglected Aspect of River Basin Investment Decisions (M. E. Marts, co-author)..... 48–55

SHAPIRO, IRVING D. Urban Land Use Classification.....149–155

STEWART, CHARLES T., JR. Economic Base Dynamics.....327–336

SUSSNA, EDWARD. Costs, Productivity, and Welfare Problems of the Local Transit Industry.....243–254

TAYLOR, MILTON C. Service on Limited-Access Highways: Organized Pressures and the Public Interest..... 24–34

TOMAZINIS, ANTHONY R. Recent Trends in the Economy of Greece.....347–355

WILKIE, JOHN A. Corporate Tax Allocation in Wisconsin.....255–265

WILSON, GEORGE W. On the Output Unit in Transportation.....266–276

REPORTS AND COMMENTS

ALFARO, A., GREGORIO. Property Rights, Tenancy Laws of Cuba and Economic Power of Renters (R. G. F. Spitze, co-author).....277–283

BAILEY, MARTIN J. Note on the Economics of Residential Zoning and Urban Renewal.....288-292

BOYD, OSBORNE T. Review of International Cooperation Administration's World-Wide Housing Programs..... 77–80

CASE, FRED E. The Strength and Weakness of Western Housing Markets: A Reply.....188–190

COLTER, CYRUS J. Comments by Regulatory Commissioner on Utility Management..... 75–77

COVEY, FRANK M., JR. Service on Limited-Access Highways: Organized Pressures and the Public Interest: Quaere.....368–371

FREEMAN, RAOUL J. Assessment Automation.....360–362

GITTINGER, PRICE. On Returns to Scale in Crowded Peasant Economies..... 66–67

GREENHUT, MELVIN L. Comments on Economic Base Theory..... 71–75

HIRSCH, ABRAHAM M. A Proposed International Hydroelectric Development Project in Central America: Lake Guija.....172–176

NELSON, LOWRY. An Italian Farm and Family: 1934 and 1955.....362–365

NELSON, ROBERT A. The Economies of Scale in the Motor Carrier Industry: A Reply.....180–185

ROSS, MYRON H. A Study in Excess Capacity...284–288

SALAS, JAVIER DE. Farm Plot Consolidation in

Spain (Roy J. Smith, co-author).....356–360
SCHMITT, ROBERT C. Population Densities and Real Property Values in a Metropolitan Area....366–368
SMITH, ROY J. Farm Plot Consolidation in Spain (Javier de Salas, co-author).....356–360
SMYKAY, Edward W. The Economies of Scale in the Motor Carrier Industry: A Rejoinder.....185–188
SPITZE, R. G. F. Property Rights, Tenancy Laws of Cuba and Economic Power of Renters (Gregorio Alfaro A., co-author).....277–283
STOLTENBERG, CARL H. What Ownership Characteristics are Useful in Predicting Response to Forestry Programs (Henry H. Webster, co-author).....292–295
TAYLOR, MILTON C. Service on Limited-Access Highways: Organized Pressures and the Public Interest: Rejoinder.....371–373
TOLLEY, G. S. Reclamation's Influence on the Rest of Agriculture.....176–180
WEBSTER, HENRY H. What Ownership Characteristics are Useful in Predicting Response to Forestry Programs (Carl H. Stoltenberg, co-author).....292–295
ZIMMER, BASIL G. Factors Related to Air Travel in a Large Metropolitan Center..... 67–71

BOOK REVIEWS

BARCLAY, GEORGE W. *Techniques of Population Analysis*.....375
DENMAN, D. R. *Origins of Ownership*.....81–82
LYON, L. S., ED. *Governmental Problems in the Chicago Metropolitan Area*.....375
MARTIN, PRESTON. *Real Estate Principles and Practices*.....374
MOSSMAN, FRANK H. and NORTON, NEWTON. *Principles of Transportation*.....191–192
SMITH, G. E. KIDDER. *Sweden Builds*.....82–83
STEPHAN, FREDERICK and MCCARTHY, PHILIP J. *Sampling Opinions*.....191

SUBJECT MATTER

A

Accelerated depreciation
  see Freight rate regulation; Local transit industry; Output unit in transportation; Public utility and accelerated depreciation; Transportation Act of 1958
Agricultural development
  see Agriculture; Cuba; Economic development in Mexico; Forestry; Greece; Land reform; Land transfer problems; Reclamation; Underdeveloped areas; United Arab Republic
Agriculture
  its place in economic development
    conditions of development.....298
    Egyptian case not typical.....303
    insulated versus general development.....304
    overpopulated countries.....300
    restraints in population growth a factor.....303
    underpopulated countries.....303
  see also United Arab Republic
Air travel
  case study: traffic problems in metropolitan center (Detroit).....67–71
Assessment automation
  proposal for use of electronic devices.....360–362
Atomic power
  research costs and social returns
    benefit-cost analysis.....223
    comparative ratio of return.....229
    nature and magnitude of costs.....222
    projected growth of industry.....225
Automotive industry
  case study in industrial location, Detroit
    assembly-line characteristic.....3–4
    economies of specialization.....6
    freight rate practices.....5–6
    labor volatility.....7
    managerial decentralization policies.....10
    multiplier effect in regional expansion.....11
    process of technical advance.....8
  see also Urban land use classification

B

Benefit-cost analysis
  application to fish preservation expenditures
    benefit-cost comparison.....53
    requisites for analysis.....50
    river-basin investment factor.....48–55
  see also Atomic power; Watershed development

C

City planning
  see Depressed industrial areas; Economic base dynamics; Land use; Local transit industry; Nonwhite surge to cities; Parking lot industry; Regional planning
Columbia River Basin
  benefit-cost analysis of fish preservation expenditures.....48–55
Consolidation of land
  see Spain
Cooperatives
  see United Arab Republic
Corporate tax allocation
  case study of Wisconsin
    allocation method for unitary business.....258
    apportionment factors.....258
    determination of domicile.....257
    inclusions of rental property.....259
    sales factor: destination basis.....260
    source of income jurisdiction.....255
    substitution of payroll for manufacturing cost.....259
Cuba
  economic powers of renters
    action rights.....280
    nature of property rights.....277
    permanency rights.....280
    structure of tenancy laws.....279

D

Decentralization
  see Depressed industrial areas; Economic base dynamics; Land use; Nonwhite surge to cities; Urban prototype
Depressed industrial areas
  analysis of economic structure
    diversification argument.....343
    one-industry argument.....341
    secondary employment percentage.....341
Detroit
  see Air travel; Automotive industry

E

Economic base dynamics
determinants of basic-nonbasic ratio
income and economic progress....328
leverage effects....331
neglect of feedback reactions....334
population and area....327
see also Economic base theory
Economic base theory
evaluation of current theories....71-75
see also Depressed industrial areas; Economic base dynamics; Industrial location; Land use; Regional planning, Urban land use classification; Zoning
Economic development of Mexico
significance of land-use changes: 1920-1959
economic change....119
irrigation and roads....122
metropolitan growth....119
public works programs....118
shifts in rural areas....121
tropical lowlands....122
see also Agricultural development
Egypt
economic effect of Aswan Dam construction
costs and financing....19
geological problems....15–19
irrigation and power potential....19
see also Agriculture; United Arab Republic

F

Federal Aid Highway Act, 1956....24–34
see also Railroads; Transportation; Transportation Act of 1958
Federal land reclamation program
see Forestry; Reclamation; Watershed development
Fish preservation expenditures
see Benefit-cost analysis
Florida
see Port Authorities; Transportation Act of 1958
Forestry
ownership characteristics: forestry programs
adoption or non-adoption of advice....293
results among adopters....294
Freight rate regulation
railroad earnings control
efficacy of the rate increases....126
Ex Parte 206 Case....125
propriety aspect of rate advances....131
revenue increments and financial need....129
see also Local transit industry; Output unit in transportation; Transportation; Transportation Act of 1958

G

Greece
analysis of economic progress
capital formation....347
economic-demographic analysis....352
electric power availability....350
gross national income components....351
Greenbelt areas
see Land use

H

Highways, pattern of service on limited-access roads
organized pressures and public interest
disabled vehicles problem....33
empirical evidence: need for research....32
Federal Aid Highway Act, 1956....25
rationale of present policy....26-27, 368–373
toll highway experience....29
see also Depressed industrial areas; Local transit industry; Regional planning; Transportation; Transportation Act of 1958
Honolulu, case study of population
densities and real property values....366–368
Housing
see Economic base theory; Housing markets; International Cooperation Administration; Land use; Planning for business centers; Underdeveloped areas; Urban land use classification; Urban prototype
Housing markets
strength and weakness, Western States (see this journal November 1958, pp. 316-328): Critique on....188–190
Hydroelectric project, Central America
analysis of international adjudication factors....174–176
see also Atomic power; Watershed development

I

Industrial development
see Agriculture; Depressed industrial areas; Greece; Italy; Land Use; Planning for business centers; United Arab Republic
Industrial location
see Air travel; Automotive industry; Corporate tax allocation; Depressed industrial areas; Land use; Local transit industry; Planning for business centers; Urban land use classification; Urban prototype; Zoning
International Cooperation Administration
preview of world-wide housing program
aided self-help housing....79
building industry relationship....80
city and regional planning....80
legislation and organization....80
savings and credit....80
see also Greece; Underdeveloped areas; Urban land use classification
Interstate Commerce Commission
see Air travel; Corporate tax allocation; Freight rate regulation; Local transit industry; Public utility economics; Railroads; Transportation Act of 1958
Irrigation
see Benefit-cost analysis; Egypt; Hydroelectric project Central America; United Arab Republic; Watershed development
Italy
case study of farm family: 1934 and 1955
constants in land pattern....365
landlord and tenant....363
mezzadro system....363
size and land use....363
Italy
postwar progress in land reform
cooperatives: farm credit....64
development authorities as regional boards....63
reform legislation....61
regional inequalities problem....56–65
see also Agriculture; Land transfer problems

L

Land reform
see Agriculture; Cuba; Economic development in Mexico; Egypt; Forestry; Greece; Italy; Land transfer problems; Underdeveloped areas; United Arab Republic; Urban land use classification
Land transfer problems
returns to scale in crowded peasant economies....66–67

see also Economic development in Mexico; Underdeveloped areas; United Arab Republic
Land use
early reservation of open land
"not quite purchase"....315
purchase reservation....317
regulation reservation....313
see also Economic base theory; Planning for business centers; Urban prototype
Local transit industry
factors contributing to decline....245
financial record....243
peak load problems and fare structure....248
revenue passengers by types of service....245
technology and operating expense....247
welfare implications....250
see also Planning for business centers; Transportation
Los Angeles
see Urban prototype

M

Mexico
see Economic development in Mexico
Motor carrier industry
appraisal of economies of scale (extension of discussion from this *journal*, May 1958, pp. 143-148)
criticism of analytical technique....180
relationships of revenue to operating costs....184
see also Local transit industry; Transportation

N

New York
variables in zoning law....313
Nonwhite population surge to cities
accelerating force of war....200
concentrations in cities....197
disruptive impact....203
economic contributions....199
economic status....204
regional differences....198
search for economic opportunity....198
transitional housing....200
population shifts in SMA's....201
see also Urban prototype

O

Open space in urban areas
see Land use
Output unit in transportation
analysis of problem of assessing the unit
cost behavior patterns....275
Interstate Commerce Commission study....275
Locklin's argument....269
Pigou-Taussig controversy....267
Question of homogeneity....267
Troxel's theory....266

P

Parcelization of land
see Egypt; Greece; Italy; United Arab Republic
Parking lot industry
study in excess capacity
price-quantity-income relationship....286
relative excess capacity; test for monopoly....286
see also Planning for business centers; Residential zoning
Planning for business centers
critique of current techniques
highway-oriented types....307
implications for planning and zoning....311
localized business types....307
nucleated types....306
planning concepts and zoning practice....309
urban arterial types....307
zoning practice....310
Population densities and real property values
case study, metropolitan area, Honolulu
application of correlation techniques....367
findings summarized....368
Population pressures
see Agriculture; Greece; Nonwhite population surge to cities; Population densities and real property values
Port Authorities
southern state authorities and Florida
anomaly of situation in Florida....41
jurisdiction and powers....36
statistical indicators....42
see also Railroads; Transportation Act of 1958
Property rights
see Cuba; Underdeveloped areas; United Arab Republic
Public utility and accelerated depreciation
reduction of income tax liability a duty
cost and rate level: functional approach....106
duty of regulation....110
management not insulated....107
nature and function of competition....104
nature and function of public regulation....105
standards of allowable costs....109
tax payments a concern of regulation....110
see also Freight rate regulation; Local transit industry; Transportation Act of 1958
Public utility economics
see Atomic power; Freight rate regulation; Local transit industry; Public utility and accelerated depreciation; Utility management; Transportation Act of 1958

R

Railroads
analysis of non-business rail travel
abandonment of passenger service....145
observation on public policy....145
Port of New York Authority study....139
pricing of passenger service....146
sample surveys studied....138–145
see also Corporate tax allocation; Local transit industry; Transportation; Transportation Act of 1958
Rate regulation
see Atomic power; Corporate tax allocation; Freight rate regulation; Local transit industry; Motor carrier industry; Public utility economics; Railroads; Transportation Act of 1958
Rate regulation in public utility
see Atomic power; Freight rate regulation; Local transit industry; Output unit in transportation; Railroads; Transportation Act of 1958
Real estate
see Depressed industrial areas; Economic base theory; Housing; Land use; Parking lot industry; Planning for business centers; Population densities and real property values; Urban prototype
Reclamation
influence of federal programs on agriculture
intra-agricultural effects....179
land use changes: 1950-1954....177
see also Forestry; Watershed development
Regional planning
see Agriculture; Air travel; Automotive industry; Housing; Hydroelectric project, Central America; International Cooperation Administration; Land use; Transportation; Underdeveloped areas;

United Arab Republic; Urban land use classification
Regional planning legislation
see Agriculture; Greece; Hydroelectric project, Central America; Underdeveloped areas; United Arab Republic; Urban land use classification
Residential zoning
economics in urban renewal....288–292
see also Depressed industrial areas; Land use; Planning for business centers

S

Spain
farm plot consolidation: case study
excessive fragmentation problem....357
Land Colonization Institute....357
procedure steps in consolidation....357
see also Land use; Underdeveloped areas
Standard metropolitan areas
see Depressed industrial areas; Economic base theory; Housing; Land use; Nonwhite population surge to cities; Parking lot industry; Planning for business centers; Urban prototype; Zoning
Syria
see United Arab Republic

T

Tenancy
see Agricultural development; Cuba; Italy; Nonwhite population surge to cities; Spain; Underdeveloped areas; United Arab Republic
Transportation
see Air travel; Corporate tax allocation; Freight rate regulation; Highways, patterns of servicing on limited-access roads; Local transit industry; Motor carrier industry; Output unit in transportation; Parking lot industry; Port authorities; Railroads; Transportation Act of 1958
Transportation Act of 1958
analysis of changes over Act of 1940
amendment in rate-making rule....158
amendment to definition of "private carrier"....166
economic aspects of inter-agency competition....158
federal-state relationships....167
Interstate Commerce Commission policy....160
loan guarantee safeguards....157
revision of agricultural commodities exemption....164
see also Local transit industry; Transportation
Trucking industry
see Local transit industry; Motor carrier industry; Output unit in transportation

U

Underdeveloped areas
regional planning legislation
functional categories....87
industrial settlement....90
land speculation curbs....95
localized regional development....89
national planning....90
rationalization of competing land uses....97
see also Agriculture; Economic development in Mexico; Greece; Italy; Hydroelectric project, Central America; United Arab Republic
United Arab Republic
land reform programs
dry farming in Syria....322
Egypt's approach....319, 322, 323
Syria's approach....319–322
villages in Egypt as cooperatives....324
Urban land-use classification
critique on current methodologies....149–155
see also Economic base theory; Housing; Land use; Parking lot industry; Urban prototype; Zoning
Urban prototype
case study (Los Angeles) of decentralization
decentralization: residential and commercial....234
disorganized growth and destruction of open space....238
industrial dispersion....239
political fractionalization....235
social implications....237
see also Land use
Urban renewal
see Depressed industrial areas; Housing; Planning for business centers; Population densities and real property values; Regional planning; Zoning
Utility management
comments by regulatory commissioner....75–77
see also Freight rate regulation; Local transit industry; Railroads; Transportation; Transportation Act of 1958

W

Watershed development
philosophy and objectives
benefit-cost analysis and watershed policy....219
criterion of optimum social balance....216
policy and projects....213
price system....215
the watershed a unit in social science....211
Water resources development
see Benefit-cost analysis; Egypt; Hydroelectric project, Central America; Watershed development
Wisconsin
see Corporate tax allocation

Z

Zoning
see Economic base theory; Housing; Land use; Planning for business centers; Population densities and real property values; residential zoning; urban land use classification
